14TH INTERNATIONAL BAUXITE, ALUMINA & ALUMINIUM CONFERENCE & EXHIBITION

**Global Aluminium Outlook 2030:
Secure Resources, Efficient Energy and Value from Wastes**

The central graphic features a large white circle with a dark green border. Inside the circle, the text 'IBAAS 2026' is written in a bold, dark green, sans-serif font. The background of the entire page is a composite image. On the left, there is a photograph of a long industrial hall with a series of large, white, arched structures, likely part of an alumina refinery. On the right, there is a close-up photograph of a large pile of white, crystalline alumina powder. The bottom of the page has a dark green gradient background.

JHARSUGUDA (INDIA)**

Invitation

The International Bauxite, Alumina & Aluminium Society (IBAAS) is pleased to announce the **14th International Bauxite, Alumina & Aluminium Conference & Exhibition (IBAAS-2026)**, scheduled during **September 9–11, 2026 in Jharsuguda, Odisha, India**. This edition comes at a pivotal time when the aluminium industry is accelerating its transition toward **low-carbon operations, clean energy adoption and sustainable growth**. Accordingly, the theme of IBAAS-2026 is **“Global Aluminium Outlook 2030: Secure Resources, Efficient Energy and Value from Wastes”**.

The conference will bring together aluminium producers, mining and refining companies, downstream manufacturers, technology providers, sustainability experts, energy solution developers, researchers and policymakers to share innovations, industrial experience and future-ready strategies. Discussions will highlight **next-generation energy solutions, emerging technologies such as SMR (Small Modular Reactors), renewable integration and decarbonization pathways** for strengthening aluminium’s global competitiveness.

Jharsuguda—recognized as the **power capital of Odisha and a fast-growing world hub of aluminium production**—offers an ideal setting to explore the industry’s transition to a **greener, more efficient and technology-driven future**.

The three-day event will feature **technical sessions, panel discussions, an international exhibition and B2B networking opportunities**. IBAAS warmly invites stakeholders to join as **delegates, paper presenters, exhibitors and sponsors** and to be part of defining the next chapter of **sustainable and competitive aluminium development**.

Objective of the Conference:

- To share global knowledge and technological advancements that support a **low-carbon, energy-efficient and sustainable aluminium industry**.
- To review **current requirements, challenges and innovations in bauxite mining, alumina refining, aluminium smelting and downstream products**.
- To emphasize improvements in **red mud management, waste valorization, circular economy practices and resource efficiency**.

- To explore **new energy solutions, digitalization, automation and Industry 4.0 applications** for boosting productivity and reducing environmental impact.
- To facilitate collaboration among **industry, researchers, technology suppliers and policymakers** for faster adoption of advanced solutions.
- To create business opportunities through **B2B networking, partnerships, technology showcasing and investment discussions** for long-term industry growth.
- Bring **aluminium smelters and power plants together** to work towards **low-carbon operations** and jointly strategize for the transition to Green Aluminium.

Conference Highlights

Special Session & Panel Discussion by Aluminium Stewardship Initiative (ASI)- (Subject to Approval)

IBAAS 2026 ESG Awards

Following the highly successful ESG Awards organized in 2024 and 2025, **IBAAS, in collaboration with CETIZION Verifica, is pleased to continue this distinguished initiative in 2026.** The **IBAAS 2026 ESG Awards** aim to recognize and honor organizations in the **global aluminium industry** that demonstrate outstanding commitment to **environmental sustainability, social responsibility and good governance.**

These awards highlight companies that set industry benchmarks in areas such as **green innovations, workplace safety, community development, ethical practices and transparency.** Organizations that are contributing meaningfully to sustainable development and responsible industrial growth are encouraged to participate.

IBAAS invites companies to **showcase their ESG achievements and initiatives** and gain international recognition as sustainability leaders of the aluminium sector.

Post Conference Visit (Subject to Approval)

A post-conference visit to aluminium plant is proposed for 12th September 2026 (Saturday).

Details will be provided after the confirmation.

Subthemes of the IBAAS-2026 Conference

Bauxite-Alumina

1. Sustainable bauxite resource utilization
2. Efficient and low-carbon alumina refining
3. Disruptive & future-ready refining technologies
4. Non-metallurgical bauxite & alumina
5. Red mud valorization and circular economy

Aluminium Smelting

1. Energy-efficient and green smelting
2. Modelling, simulation & process optimization
3. Digital transformation and autonomous operations
4. Next-generation anode technologies
5. Waste reduction and by-product utilization
6. Captive power plants and carbon emissions

Aluminium Downstream

1. Advances in rolling & extrusion
2. Decarbonization of downstream operations
3. Aluminium Industry 4.0 & smart manufacturing
4. Advanced alloys & applications
5. Recycling, circularity & sustainability

Important Dates

Deadlines for submission of abstract and final manuscript

- Topic with Abstract: 31st May, 2026
- Final manuscript: 31st July, 2026
